WELCOME TO BARCELONA EXPAT LIFE

YOUR GATEWAY TO BARCELONA'S INTERNATIONAL COMMUNITY

Barcelona Expat Life connects organisations with Barcelona's English-speaking and multilingual community. I founded the company after moving to Barcelona, inspired by my love for the city and the idea of making relocation easier while bringing people, businesses and opportunities together.

Today, the platform reaches over 1 million people each month through its digital channels, social media and newsletters, and works with more than 1.000 partners across the city. It has grown into a trusted bridge between organisations and people, both those already living in Barcelona and those considering the move.

At its core, Barcelona Expat Life is a community-driven platform, marketplace and marketing partner, connecting organisations with an international audience through content, campaigns and events.

We support people at every stage of their journey in Barcelona - from arriving and settling, to finding work, building a life and creating a home here. Alongside this, we share practical and cultural insights into Catalan life, language and everyday living, because understanding and engaging with the local community is key to truly feeling at home in the city.

At the heart of everything is the idea of connection - making it easier for people to navigate life in Barcelona, and for organisations to reach and engage with an international community in a meaningful way.

EXAMPLES OF EXPLORERS

CAREER	HOUSING	EDUCATION	PAPERWORK	HEALTH	FAMILY LIFE	SPORTS	LANGUAGE	LIFESTYLE

Organisations serving Barcelona's international community can create an Organisation Profile and become discoverable through the BCN Life Explorer.

We offer a range of plans, from a free option to premium paid plans, giving you the flexibility to choose what best suits your organisation.

Once your profile is created, you can manage and update your organisation's information at any time through your personal dashboard. Simply log in, make your changes, and your profile will be updated instantly.

Creating your Organisation Profile is quick and easy, it takes as little as five minutes to get started.

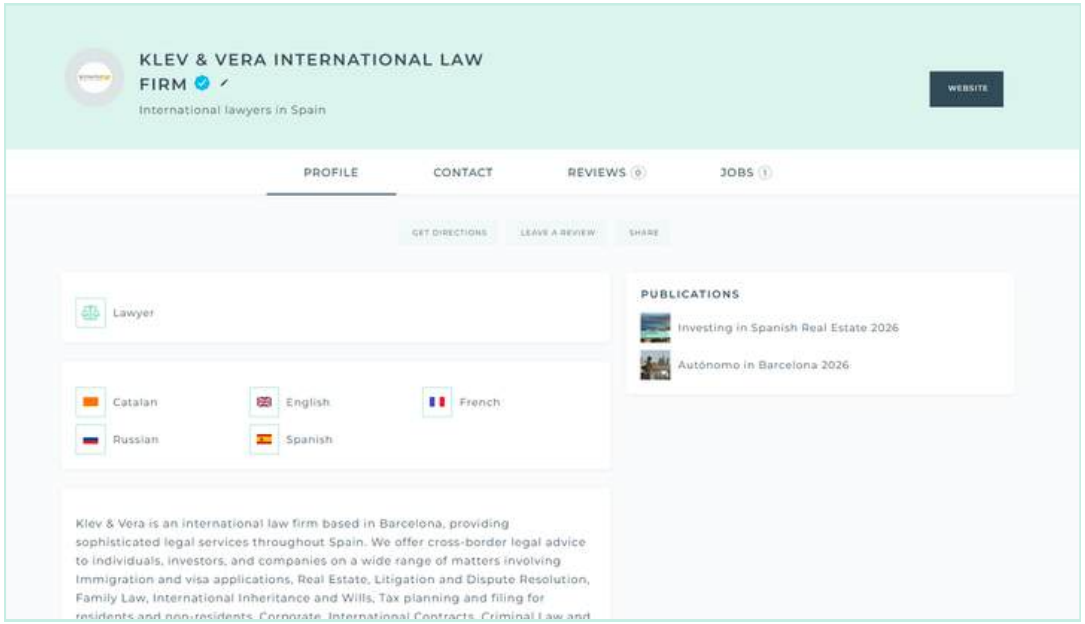
Questions? *Visit our FAQ on our website or contact us directly!*

YOUR ORGANISATION PROFILE

Every organisation starts with an Organisation Profile, which forms the foundation of its presence on BCN Life Explorer. Depending on your chosen plan, your Organisation Profile can include images, contact details, links, reviews and other features that help internationals discover your organisation and connect with you directly.

ORGANISATION PROFILE PAGE

Your Organisation Profile has its own dedicated page where visitors can view all your information, services and contact details.



PREVIEW CARD

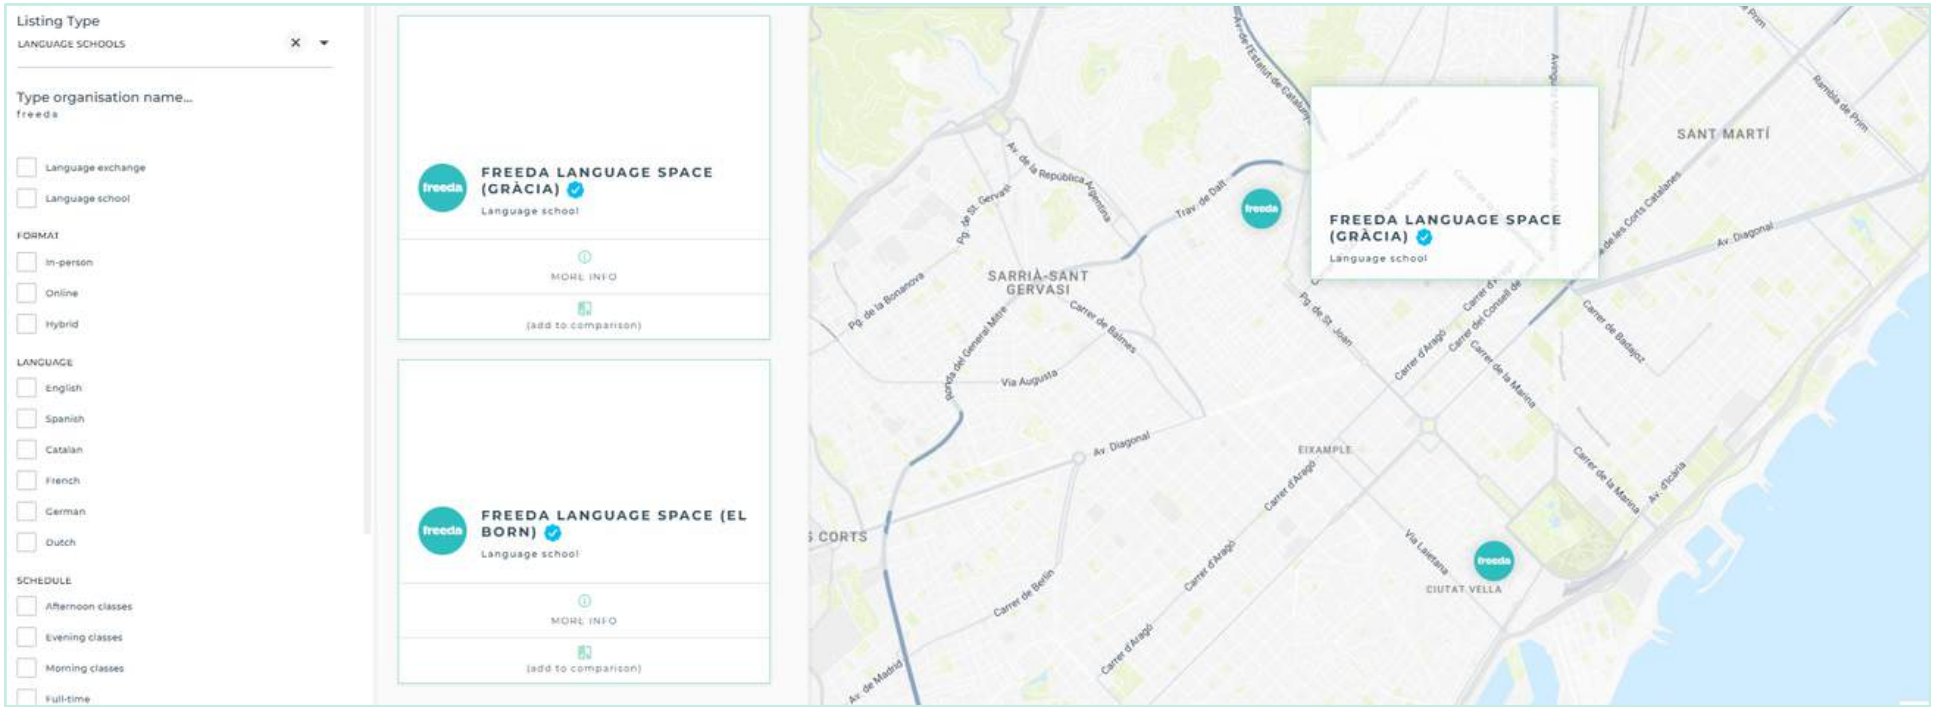
Your Organisation Profile also appears as a preview card in search results, giving users a summary before they click through to your Organisation Profile page.

Questions? *Visit our FAQ on our website or contact us directly!*

MAP FUNCTION

ADD YOUR LOCATION

If your organisation operates from multiple locations, create a separate Organisation Profile for each one. Each location will be displayed on our interactive map with its own information, helping users find your organisation and location.



SEARCH VISIBILITY

Each Organisation Profile is listed in one or more relevant Explorers, making it easier for users to find organisations that match their needs. Within each Explorer, Organisation Profiles are displayed in the following order:

1. **Promoted:** Highest visibility within the selected category.
2. **Featured:** Displayed after Promoted Organisation Profiles.
3. **Free:** Displayed after Featured Organisation Profiles.
4. **Unclaimed:** Organisation Profiles that have not yet been claimed or verified by the organisation. These appear last in the category and do not display a verification badge.

Within each plan, Organisation Profiles are ordered by review score. If two profiles have the same plan and review score, they are shown in a random order to ensure fair visibility.

I have now played with Vaya three times and I am really happy that I joined this football group. Affordable prices, great organizers and good level of play in a welcome atmosphere. I can recommend Vaya for your friendly football game in Barcelona. See you soon again.

COMPARISON TOOL

The comparison tool helps our community easily compare organisations by providing a clear overview of what each one offers, enabling better-informed decision-making. We will be promoting this feature more actively in the coming period. Please note that with a free profile, you will have access to a limited number of fields, which means your organisation will have less visibility in the comparison tool.

FEATURED PLAN VS PROMOTED PLAN

The difference between the Featured Plan and the Promoted Plan is the level of visibility your Organisation Profile receives.

The **Featured Plan** provides a complete, professional Organisation Profile with enhanced information fields, helping internationals discover your organisation and understand your services.
The **Promoted Plan** includes everything in the Featured Plan, plus additional visibility features designed to help your organisation stand out and attract more attention.

WHAT THE PROMOTED PLAN INCLUDES

- **Priority Search Placement** – Your Organisation Profile appears above Featured and Free profiles in search results
- **Standout Profile Design** – Your Organisation Profile includes a Promoted badge and highlighted design to help it stand out in search results.
- **SEO Optimisation** – We optimise your Organisation Profile to improve its visibility in search engines and help more people find your organisation online.
- **Proactive Profile Monitoring** - Our team regularly reviews your Organisation Profile and provides recommendations to help you get the most from your listing.

IN SHORT:

Featured helps people discover and learn about your organisation.

"We joined the event to increase our visibility, boost our brand and connect with international talent. It was a great opportunity to showcase our company, meet potential candidates and speak with people from different backgrounds. We were very happy with the experience and the connections we made, and we would definitely take part again."

"We were looking for multilingual talent, and the job fair gave us a great opportunity to meet candidates who matched our needs. Because we had purchased the sponsor package, we were also able to access the attendee list afterwards, review relevant profiles and continue conversations with potential candidates. We were delighted to successfully hire a German-speaking candidate through this process."

"Thank you so much for organising this event. Gatherings like this are so valuable for all involved, providing companies with a platform to showcase themselves and offering visitors a range of opportunities to explore.
